3M Traditional Low E Series. Amber LE35 - Energy Savings.

Stay warmer in the winter months and cooler in the summer months with 3M™ Sun Control Window Film Low E Series.

- ▶ Stay cool and comfortable by reducing excessive heat in summer months and warmer in the winter months by reflecting your heat back inward
- ▶ Amber finish provides a soft reflective appearance to your buildings exterior for a more uniform aesthetic
- ▶ Substantial heat gain rejection provides a quick return by reducing air conditioning costs
- ▶ Excellent glare reduction and visible light transmission for increased tenant comfort
- ▶ Helps extend the life of furnishings by significantly reducing harmful UV rays, the largest cause of fading

Glass Type (All 1/4")	Visible Light			UV Light Rejected	Total Solar Energy Rejected	Heat Loss Reduction	Glare Reduction
	Reflected (Interior)	Reflected (Exterior)	Light Transmitted				
LE35	60%	54%	30%	99%	75%	17%	67%

Delivering on your bottom line on time and on budget.
